What is this policy?

Online safety is an integral part of safeguarding and requires a whole school, cross-curricular approach and collaboration between key school leads. Accordingly, this policy is written in line with 'Keeping Children Safe in Education' 2024 (KCSIE), 'Teaching Online Safety in Schools' 2019 and other statutory documents. It complements existing and forthcoming subjects including Health, Relationships and Sex Education, Citizenship and Computing; it is designed to sit alongside our school's statutory Safeguarding Policy. Any issues and concerns with online safety must follow the school's safeguarding and child protection procedures.

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Health and Safety at Work Act 1974
- Employment Rights Act 1996
- Human Rights Act 1998
- Protection from Harassment Act 1997
- Data Protection Act 1998
- Public Interest Disclosure Act 1998
- Public Interest Disclosure Act 1998
- School Standards and Framework Act 1998
- Safeguarding Vulnerable Groups Act 2006 (Transitional Provisions) Regulations 2008
- Employment Act 2008
- Equality Act 2010

The following documentation is also related to this policy:

- Acas Code of Practice 1 - Disciplinary and Grievance
- Bullying and Harassment at Work: A Guide for Managers and Employers (Acas)
- Code of Practice on Disciplinary and Grievance Procedures (Acas)
- Discipline and Grievances at Work - The Acas Guide (Acas)

We acknowledge that social networking has become part of everyday life with many people of all ages using social networking sites on a daily basis.

Many feel that there are valid reasons for exploring the educational benefits of these sites because research shows that the most discussed topics on these sites by young people are those dealing with homework and lessons.

However, school based staff need to be aware that 'posting' anything on these social networking sites about themselves, others or their place of work must be prepared for the possibility that anyone could gain access to it. This has been a major factor in identity theft.

In terms of school personnel's use of social networking and the web, they must be careful what information is posted due to potential security risks.

School personnel should use social networking sites wisely and cautiously and if absolutely necessary bearing in mind they should not jeopardise themselves, others or their place of work. The school will monitor its IT system for inappropriate usage and will take the necessary disciplinary measures if need be.

We believe the following recommendations should be considered if school personnel use social networking websites:

- Use only your name for the profile.
- Do not put your date of birth on the profile.
- Be wary of what photographs you put online of yourself, family or friends.
- Remember you must have their permission to publish.
- Make your profiles 'invite' only and thus only allow people you trust with certainty to view your information.
- Do not post your occupation.
- Do not discuss your work or place of work.
- Do not place derogatory, defamatory, discriminatory or offensive remarks about the school, work colleagues, parents, pupils, MC Members or anyone else connected with the school.
- Do not divulge confidential information of any form.
- Do not publish photographs taken at your work.
- Do not discuss your political or religious views.
- Be careful what viewpoints you express.
- If you do post anything online be mindful of the fact you could lose total control of it.
- Be careful of what other people post on your profile. You might be careful but are your friends?

Filtering & Monitoring Systems provide a safe environment to learn and work by protecting pupils and staff from harmful and inappropriate content online. What's seen to be harmful will depend on each pupil.

At The Helix Education Centre, and in line with KCSIE 24, all staff will:

- Follow policies and procedures
- Report any problems
- Monitor what's happening on screens

Our DSL takes lead responsibility for filtering and monitoring reports and any safeguarding concerns that appear (via BEESAFE)

Senior Leadership Team makes sure staff understand their roles, reviews the effectiveness of our systems and oversees reports, whilst the schools' IT service provider [WIBIRD} has technical responsibility for maintaining and managing our internal systems.

We strongly recommend that school personnel do not use the school's IT system to access social networking sites for their own personal use.

We believe Facebook is a useful tool for marketing the school by promoting and explaining our values, aims and work. All school personnel and other members of the school community are reminded that when using this social media platform for the school they must contribute to it mindful of school protocol and that they are not derogatory of the school or anyone connected with it.

We support all school personnel and will ensure that any abusive comments made about them on social media by pupils or parents brought to our attention will be taken very seriously and will be reported to the appropriate authorities.

We as a school community have a commitment to promote equality. Therefore, we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
